MASTER OF PUBLIC MANAGEMENT

The Master of Public Management (MPM) program is developed to produce graduates with high sophisticated managerial capabilities across the public, private, and non-profit organizations. This program will expose students to real-world issues that allow them to develop critical skills for solving complex problems.

This program tends to nurture students to think critically and analytically about public service and the impact of government policies on our community, nation as well as the world. This program also aspires students strive to bring about changes in organizations, communities, and our nation.
